

## Here's your Mission:

When our team visited North African we met a girl who was about 9 years old. I wonder how many of you are the same age? She was so beautiful. She had big brown eyes and long black hair. Her daily life was probably a bit different from yours. Early in the morning, most young Muslim girls wake up around 5:00 and hear a voice over a loud speaker that can be heard all over the city. In fact, she hears that same sound 5 times a day. It is what she knows as the call to prayer. Do you know what she learns as a little girl who believes in Allah and the prophet Mohammad? She learns that before she can pray to Allah she has to be clean. She goes to a little faucet outside of her Mosque (or place to worship) and washes her mouth, ears, nose, face, front of her hair, her arms up to her elbows, & her feet to her ankles. She does each a few times and washes in a certain order before she can go into her church to pray. When she goes inside she has a certain method of praying. She bows, kneels, stands, and with each position she says a certain verse that she has memorized from her Koran which she reads instead of the Bible.

God made her and loves her just as much as you and me. I am so glad that we only need to be clean inside our heart by Jesus and that we can talk to Him in our churches, in our homes or even just in our hearts. You are a missionary just as much as we are. You can be praying for this girl and many others. Can you think of other ways you can show God's love?

## The GA Team

Thank you for your prayer support

## The GA Team

Hello GA friends!  
We want to invite you  
to be on our team.  
What team is it? It's a  
team of people who  
love God and want to  
share Christ with  
North African  
Muslims. We live in  
France right now, but  
we hope to live in  
North Africa soon. So  
how can you help?  
Well, read on to find  
out!

# FUN TIMES

Here are some words relating to the Muslim world. See if you can find them in the Word search.

## HELP WANTED!

Please pray for the children of North Africa. Here are a few ideas of things you can pray for each day of the week!

### MONDAY

The children of North Africa do not have the opportunity to learn about Jesus and worship Him that you have. Pray they will have the opportunity to learn by receiving the Bible and from local believers in Christ.

### TUESDAY

Today as many children will be learning in school and speaking both French and Arabic, ask that God would open their minds and hearts to Him. Ask that they would be curious about Jesus.

### WEDNESDAY

Many children in North Africa enjoy playing soccer. Please pray that today as they play outside that they will question who created the world. Ask God to show the children that He is their creator, loves them and has a plan for their lives.

### THURSDAY

Please pray for the parents of the children. Ask God to speak to these parents so they can have faith in Jesus.

### FRIDAY

Today many children will be going to their mosques to pray. Please ask God to make Himself known to these children as they pray to Allah.

### SATURDAY

As the children eat their favorite meals, please pray that they will hunger and thirst for Jesus Christ.

### SUNDAY

Today as you go to church, please ask God to bless the Christian children that live in North Africa. There are very few of them. Please ask that they will be encouraged and have confidence to share with other children about Jesus.

## A SNEAK PEAK AT FRANCE

**This young French boy is helping at the port where many fishermen sell the fish they catch. Does this remind you of a story in the Bible? Read John 6:5-13 to learn about a boy who gave all he had to God and God used it for His purposes. He can do the same with you!**
