

Project Northern Lights 2003

Project Northern Lights is a mass distribution project that is a partnership between several different missions organizations including the International Mission Board of the Southern Baptist Convention. Our purpose is to distribute as much Christian material as possible during the peak travel weeks of the summer to families going into North Africa from Southern Europe.

How can I join PNL 2003?

After prayerfully choosing to be part of this exciting ministry, you will need to select and confirm the dates in which you wish to participate. Then call 1-800-999-3113 and ask for the "Volunteers In Missions" office. We ask for teams to arrive on a Thursday and stay until the following Saturday. All dates are on a first come first serve basis.

What can I expect to do in a day?

You will find that each day at PNL will be filled with three main tasks:

Making packets

Individual pieces must be collected into one packet.

Distribution

We try to offer a packet to every family in a car or on foot that boards a ship.

Prayer

Our goal is to constantly bathe the distribution efforts in prayer.

Costs

Costs for your team for this project really depend on your participants' wishes for accommodations and meals. We are happy to help arrange lodging at local hotels for you and the costs vary accordingly. You will need to consider Air Travel, Lodging, Meals, On Site Travel, Travel Insurance. Past groups have paid somewhere in the range of \$1800-\$2500 per person.

2002 Distribution Totals:
